The men and women of the DFA subscribe to the highest standards of integrity, competence and professionalism, as they fulfill their mandate to uphold the country's sovereignty and territorial integrity, contribute to nation-building efforts, protect Filipinos abroad, and enhance the country's standing in the community of nations by forging cordial and productive relations with bilateral and other partners.

As the Philippines emerges from the fog of the COVID-19 pandemic, activity in foreign relations has shifted to a higher gear starting this year. The DFA has undertaken efforts to make up for lost time and temporary setbacks, building upon innovations it set up in the interim.

Guided by the President's 8-Point Socioeconomic Agenda and foreign policy pronouncements, the DFA, led by Secretary for Foreign Affairs Enrique A. Manalo, has steered its initiatives and programs for 2022 toward ensuring the welfare of Filipinos overseas, further strengthening the Philippines' engagements with its bilateral and multilateral partners, implementing economic and cultural diplomacy efforts, improving bureaucratic efficiency, and, most importantly, pursuing an independent foreign policy.

Participation in ongoing negotiations for international agreements/conventions

PH Participation in negotiations for the international legally binding instrument under the United Nations Convention on the Law of the Sea (UNCLOS) on the conservation and sustainable use of marine biological diversity of areas beyond national jurisdiction (BBNJ).

In 2017, the General Assembly (GA) decided to convene an Intergovernmental Conference (IGC), under the auspices of the UN, to consider the recommendations of the Preparatory Committee on the elements and to elaborate the text of an international legally binding instrument under the UN Convention on the Law of the Sea (UNCLOS) on the conservation and sustainable use of marine biological diversity of areas beyond national jurisdiction (BBNJ Agreement), with a view to developing the instrument as soon as possible.

Ponce delivers the Philippines' closing statement at the 5th Intergovernmental Conference on a legally binding instrument under the United Nations Convention on the Law of the Sea on the conservation and sustainable use of marine biological diversity of areas beyond national jurisdiction (BBNJ) at the United Nations Headquarters which took place from 15 to 26 August 2022. (Photo from New York PM)

The IGC-5, which was held in August 2022, was expected to be the last session for the BBNJ, given that this was already an additional session to the four sessions originally provided for by the GA and there was no provision for a sixth session. However, as consensus on a final text was not reached, the IGC President ended suspending the Session. The GA later authorized the reconvening on 20 February–03 March 2023.

At the IGC-5 closing session, the Philippines highlighted (1.) Its commitment to the BBNJ process; (2.) The distinct challenges of archipelagic states in terms of CBTMT; (3.) The need to address the fundamental principles and core issues in the Agreement over which there is no convergence in a manner that is inclusive, transparent and cognizant of the limitations and needs of all delegations; and (4.) The importance of concluding an Agreement that protects marine biodiversity in the ABNJ, provides for fair and equitable sharing of benefits and a CBTMT framework that facilitates the meaningful participation of developing States in the global effort to conserve and sustainably use marine biodiversity in areas beyond national jurisdiction (ABNJ).

The Department continues to host the inter-agency meetings in preparation of the official sessions, and to actively participate in the BBNJ negotiations. The further resumed IGC-5 session will be held on 19–20 June 2023 at UN Headquarters, New York. It is expected that the signing will take place sometime during the 78th session of the UNGA High-Level Week, which starts on 19 September 2023.

than past MCs. The Philippines' positions on issues discussed do not depart from the position of most of the Members that delivered interventions. MSMEs, the Philippines' chief advocacy in the WTO, was not discussed in the thematic sessions. Other notable initiatives where no thematic session was devoted to are domestic regulations, gender and trade, trade and environment, and government procurement.

The Ministerial Conference is the highest decision-making body in the WTO. It convenes every two years, with Buenos Aires, Argentina hosting the previous edition in 2017. The MC12 was originally scheduled to take place in June 2020 in Nur-Sultan, Kazakhstan and rescheduled to December 2021 in Geneva but was postponed due to the COVID-19 pandemic. Among the major outcome documents of the Ministerial Conference are the following:

- WTO Fisheries Subsidies Agreement – prohibits the provision of subsidies to illegal unregulated and unreported fishing (IUUF) and overcapacity and overfishing (OCOF);
 - Ministerial Decision on the Waiver of Trade-Related Aspects of Intellectual Property (TRIPS) provision on COVID-19 vaccines – aims to temporarily suspend patents on COVID-19 vaccines so they may be reproduced to stabilize the global supply of vaccines and to help ensure accessibility to vaccines by developing and least developed countries; and
 - General Council Decision on E-commerce Work Programme – extends the moratorium on customs duties for electronic transmissions.

Food Security Cooperation

The DFA assisted the Department of Agriculture and the Philippine International Trading Corporation (PITC) in operationalizing the President's directive to explore government-to-government arrangements for the procurement of fertilizers, in line with the prioritization of food security and increased agricultural productivity. Contributing to efforts at stabilizing the supply of much-needed fertilizer in the Philippines, the DFA mobilized its Foreign Service Posts and Geographic Offices to establish linkages between the PITC, on one hand, and foreign government agencies and state-owned enterprises in several urea-producing countries, on the other, that led to productive talks and negotiations.

Malagos Chocolate Gift Sets for Distribution as Representation Items to Select Foreign Service Posts and PH Honorary Consular Officers

The DFA distributed Philippine-made chocolate products to select Foreign Service Posts (FSPs), particularly those with Honorary Consular Offices (HCOs) under their jurisdiction or those with little to no access to Philippine-made products in their local markets, as a means to support these FSPs' economic diplomacy activities. The PH chocolates were given as gifts or tokens when making representations with economic stakeholders from the public and private sector in their respective host countries, as a way to showcase export-quality Philippine-made products to FSPs. FSPs with HCOs helped raise the perception of the Philippines as a source of high-quality food products that meet the standards even in exacting foreign markets.

The network of accredited HCOs has proven beneficial in the efficient and effective implementation of Philippine foreign policy's political-security, economic and ATN/consular pillars. The Economic Diplomacy Division (EDD-OIER) endeavors to tap into the honorary consular office network as a "force multiplier" for the Department's economic diplomacy efforts, particularly as a gateway for the introduction of high-quality Philippine export products in their respective jurisdictions.

As EDD-OIER's objective is to conduct an expeditious, high-impact project, the distribution of locally-made Malagos Chocolates to FSPs with HCOs was undertaken for the following reasons:

- Familiarity of foreign markets with the brand, Malagos Chocolate having pioneered and built an extensive overseas distribution and sales network;
- International recognition of the brand through multiple awards;
- Stable manufacturing capacity, allowing for bulk production even in pandemic conditions;
- Halal certification for its pure chocolate bars and powder, allowing for consumption in Muslim-majority countries; and
- Proven record of the manufacturer as a PHILGEPS-compliant supplier, with past successful partnerships and supply contracts with the Department including a number of FSPs.

E. CULTURAL DIPLOMACY EFFORTS

Implementation of Multi-Sensory Virtual International Cultural Projects

Using online platforms, the DFA conducted virtual cultural events, including Fiesta Filipinas, Move with Malong, and Move with Pinas, to reach out to the Filipino diaspora abroad and foreign nationals in various countries. In these projects, curated kits were sent to the participants to make them feel and experience tangibly Philippine culture.

The activities and accompanying kits promoted the Philippines' culture and heritage, including its history, cuisine, historical and tourist spots, festivals, dances, and regional products. Moreover, in support of the International Decade of Indigenous Languages (IDIL 2022-2032), an online forum was conducted to inform participants on the state of indigenous languages in the Philippines.

In general, the virtual projects fostered a positive image of the Philippines on the world stage and raised awareness of its rich culture, notwithstanding the challenges brought about by the pandemic.

F. PURSUING AN INDEPENDENT FOREIGN POLICY

Affirmation of the Award on the South China Sea Arbitration (Arbitral Award)

The DFA **commemorated the 6th Anniversary of the Award on the South China Sea Arbitration on 12 July 2022**. As an affirmation of UNCLOS' dispute resolution mechanisms, the Award upheld the Philippines' sovereign rights and jurisdiction over its exclusive economic zone and continental shelf.

Through the DFA's consistent efforts to promote respect for UNCLOS and the recognition of the Award, a number of key countries began to refine their positions on the South China Sea (SCS) to adhere to or reflect the Award. In the case of the USA, Australia, Indonesia, France, Germany, United Kingdom, Japan, and New Zealand, they had cited the 2016 Award in their communications to the Commission on the Limits of the Continental Shelf (CLCS).

Operationalizing the UN Convention on the Law of the Sea (UNCLOS)

The DFA, through its Maritime and Ocean Affairs Office (MOAO), **led the Philippine Delegation in all the related meetings**, including the utilization of UNCLOS—a super year for Oceans—to **expand and articulate the Department's commitment to the UNCLOS Framework and towards effective maritime cooperation with all parties**, in the following contexts:

- **Peaceful Settlement of Disputes: Delimitation** - As an archipelagic nation, the Philippines has overlapping maritime jurisdictions with several states, and pursues delimitation negotiations. In line with this, the DFA led the Intersessional Meeting in preparation for the 5th Technical Panel Meeting (TPM) between the Philippines and Palau in February 2022, followed by the virtual meeting on 10 March 2022.

Transfers of Filipinos from Sabah

Prior to the implementation of the lockdown in Malaysia and Sabah in 2021, the DFA, through the Philippine Embassy in Kuala Lumpur and UMWA, has been coordinating with the Sabah Immigration Department for the transfer of Filipinos from the four (4) Immigration Depots in Sabah: Kota Kinabalu, Papar, Sandakan, and Tawau. The DFA, together with local government units such as Zamboanga and Tawi-tawi, continually assisted the returning Filipinos from Sabah until April 2021, when the need to repair the vessels used for transport brought a temporary halt to the process. The transfers resumed in September 2022. In total, the DFA assisted **6,164 Filipino returnees from Sabah** in 2022. As of writing, the DFA continues to work with the Sabah Immigration Department to facilitate the transfer of Filipinos from Sabah.

Legal Assistance Provided

In 2022, the LAF was utilized to assist **6,467 overseas Filipinos with legal cases**

abroad. This included hiring the professional services of lawyers or legal firms abroad, or renewing their contracts, to work on said legal cases.

Acquittals / Pardon

Among the beneficiaries of the LAF, **approximately 135 OFWs** were acquitted in 2022 after undergoing a full criminal trial process through which the courts found them not guilty of the crimes they were charged with. Most of these acquittals occurred in the Middle East, where access to legal aid, public defenders, or counsels de officio is limited.

The DFA, through UMWA, also used the LAF to assist convicted overseas Filipinos by requesting pardons for them from the respective host governments. In 2022, the DFA successfully obtained around **69 pardons** for Filipinos convicted of drug trafficking, prostitution, and theft, among other offenses.

Death Penalty Updates

In 2022, the DFA monitored a total of **81 legal cases** involving overseas Filipinos which carried the death penalty. All of them, with the exception of two (2), were on various stages of appeal from years back when the convictions were promulgated. Of the two cases on the final and executory stage, one is in Saudi Arabia and the other is in Indonesia.

In August 2022, UMWA transmitted a copy of the letter signed by President Ferdinand Marcos addressed to the King of Saudi Arabia, which requested for intercession from the King regarding the pending execution of a convicted overseas Filipino worker. In November 2022, the Saudi Ministry of Foreign Affairs, through a Note Verbale dated 09 November 2022, informed the Philippine Government that the execution of the OFW would be delayed until the end of 2023. The delay of the execution was granted in order for the Philippine Government and the relatives of the OFW to discuss the possible execution of a tanazul and payment of diyyah. The tanazul is an act of forgiveness on the part of the heirs of the victim and the diyyah is the payment of blood money.

Coordination Efforts with the Department of Migrant Workers (DMW)

The passage of R.A. 11641 at the end of 2021 created the Department of Migrant Workers (DMW), which subsumed into one national agency the offices that have functions related to Filipino migrant workers. With the Philippine Overseas Employment Administration (POEA) as the subsisting agency, the other offices subsumed included the International Labor Affairs Bureau (ILAB) – which also has oversight of the Philippine Overseas Welfare Offices (POLOs) abroad – of the Department of Labor and Employment (DOLE), the National Reintegration Center for OFWs (NRCO), the National Maritime Polytechnic (NMP), the and the Office of the

Social Welfare Attaché (OSWA) of the Department of Social Welfare of Development (DSWD). The Overseas Workers' Welfare Administration (OWWA) was also transferred from the DOLE to the DMW as an attached agency.

With respect to the Office of the Undersecretary for Migrant Workers' Affairs of the Department of Foreign Affairs (DFA-UMWA), only its functions related to assisting distressed overseas Filipino workers (OFWs) will be transferred to the DMW. The same law provides for the retention by the DFA of all the Foreign Service personnel, as well as the ATN Fund and the Legal Assistance Fund (LAF). The DFA will continue assisting distressed overseas Filipinos who are not OFWs. In countries where there are no POLOs – which will eventually be renamed Migrant Workers Offices (MWOs) – the DFA, through its Foreign Service Posts (FSPs), will continue assisting distressed OFWs as well, until the DMW is able to set up the MWOs.

These were the **DFA's roles in the Transition Committee of the DMW**:

Headed the Transition Committee

As the designated Chair of the Transition Committee, Undersecretary for Migrant Workers Affairs Sarah Lou Y. Arriola convened and guided the actuations of the Committee. She maintained an active leadership role in the deliberations of the body even after the appointment of a DMW Secretary.

Transition Committee Meeting on the Implementing Rules and Regulations (IRR) of R.A. 11641, April 2022

UMWA acted as the Secretariat that performed the administrative and record-keeping tasks of the Transition Committee.

Headed the Technical Working Group

UMWA Special Assistant (SA) Lorenzo Rhys G. Jungco IV was nominated as the lead of the Technical Working Group (TWG) of the Transition Committee. In the said capacity, SA Jungco convened experts from the different offices that would eventually comprise the DMW to answer specific queries of and perform tasks as assigned by the Transition Committee. UMWA Acting Director Lorenz Fernand D. Dantes and Principal Assistant (PA) Ahmad Rais T. Undug likewise became members of the TWG. They furnished information and advice regarding specific concerns, particularly those pertaining to the DFA.

Led the Drafting of the Implementing Rules and Regulations of Republic Act 11641

SA Jungco, ably assisted by Acting Director Dantes and PA Undug, took the lead and actively participated in the formulation and finalization of the Implementing Rules and Regulations (IRR) of Republic Act 11641, which was the version approved by the President. UMWA officers provided information, advice, and options on the formulation of the IRR. More importantly, UMWA officers provided tact and diplomacy in resolving numerous divergent interests to achieve an acceptable compromise among the concerned agencies.

Assisted in Crafting DMW's Organizational Structure and Staffing Pattern

UMWA officers gave advice and suggestions on how the DMW should be structured, based on the experiences of the DFA. Further, the ideal staffing pattern for overseas operations was shared with the agencies and offices that will comprise the DMW.

Assisted in Formulating the DMW's Budget

UMWA officers likewise assisted in the process of effectively constituting the DMW by sharing information on the financial aspects of ATN operations to the TWG and Transition Committee. Under the new administration, Acting Undersecretary for Migrant Workers Affairs Eduardo Jose A. de Vega, Senior Special Assistant Roy B. Ecraela, and Special Assistant Jungco, and Assistant Director Dantes continued to attend Transition Committee Meetings on the execution of the Implementing Rules and Regulations (IRR) of R.A. 11641.

UMWA also attended Overseas Workers Welfare Administration (OWWA) Board Meetings. Its officials were also part of the Philippine Delegation during the visit of DMW Secretary Susan Ople to Saudi Arabia on 11-13 September 2022. Together with the Philippine Embassy in Riyadh and the Philippine Consulate General in Jeddah, they assisted Secretary Ople and other DMW officials in their meetings with key Saudi officials and Filipino community groups.

Cabrera (center front, in light blue shirt) delivered a lecture on "Opportunities in the Middle East and Crisis Hotspot in the Middle East and Africa" during a training for DOLE personnel who have served or will serve in Philippine Overseas Labor Offices (POLOs). Combatting Trafficking in Persons

Anti-TIP Efforts

In 2022, the DFA flagged the cases of 478 human trafficking victims abroad, of which 103 were male and 375 were female. Aside from assisting the trafficking victims whenever possible, which ultimately led to their repatriation to the Philippines, the DFA sent 141 reports and letters to refer all cases to the Inter-Agency Council Against Trafficking (IACAT), for the latter to lead the investigation into the traffickers and illegal recruiters and file appropriate cases.

Repatriation of Trafficking Victims forced into working in Cyberscamming Operations in Southeast Asia

DFA-UMWA flew to Thailand in November 2022 to meet twelve (12) Filipino human trafficking victims from Myanmar. Working together with the Office of the Police Attaché and the Assistance-to-Nationals Section of the Philippine Embassy in Bangkok, DFA-UMWA facilitated the repatriation of the 12 victims and brought them home safely on 21 November 2022. The 12 Filipinos were recruited as back-end office workers in Thailand. However, upon arriving in the country, they were swiftly taken to Myanmar where they were made to work in online catfishing/scamming business. Via social media, they were lured to join through promises of an all-expenses-paid trip to Thailand where a high-paying job with no required work experience allegedly awaits them. A few days into their work, their employers started threatening them with physical harm and even death if they did not meet their "investment" quotas.

Undersecretary for Migrant Workers Eduardo Jose A. de Vega personally welcomed the 12 repatriates at the Ninoy Aquino International Airport upon their arrival.

U.S. Trafficking in Persons Report 2021

On 20 July 2022, the US Department of State issued its 2021 Trafficking in Persons Report, which included **the Philippines among the Tier 1 countries for the 7th consecutive year**. The Tier 1 ranking indicates that, from the United States' point of view, a country fully meets the minimum standards for the elimination of human trafficking.

The report stated that the Philippines retained its ranking because “the government continued to demonstrate serious and sustained efforts during the reporting period, considering the impact of the COVID-19 pandemic on its anti-trafficking capacity.” It acknowledged the whole-of-government efforts of the DFA and other member agencies of the IACAT. It also lauded the DFA for ensuring interagency coordination of services for repatriated Filipino trafficking victims, mentioning in particular its allocation of PHP 1 billion for ATN funds for airfare, meal allowance, shelter, medical care, and other needs of OFWs.

The Report further noted that the funds used to support overseas shelters for trafficking victims awaiting the resolution of their cases or their repatriation, as well as the potential victims of human trafficking—majority of whom were victims of illegal recruitment—identified by the Foreign Service Posts. It likewise cited the DFA-UMWA's OFW HELP Facebook page for overseas Filipinos who are in distress, and for their next-of-kin requesting assistance.

Multilateral Engagements on Migration

The Philippines' Voluntary National Review (VNR), 21 March 2022

The Philippines is one of the Champion Countries of the Global Compact for Safe, Orderly and Regular Migration (GCM), which has become a key reference for its international migration policies and is actively implementing it at the national level. The Philippines took stock of its progress in implementing the GCM through submissions of its GCM Voluntary Review in 2022, ahead of the first International Migration Review Forum (IMRF).

The VNR serves as a government-led stocktaking of the progress made in the achievement of the GCM objectives. It consists, among others, the country-level implementation plans and status of all 23 Objectives. It was built on the Voluntary GCM Review submitted by the Philippine government in October 2020 for the Asia-Pacific Regional Review of the GCM Implementation held in March 2021.

The Philippines participated in the first International Migration Review Forum (IMRF), which is the primary intergovernmental global platform that discusses and shares progress on the implementation of the Global Compact for Safe, Orderly and Regular Migration (GCM), including as it relates to the United Nations 2030 Agenda for Sustainable Development. The event was conducted on 16–20 May 2022 at the United Nations (UN) Headquarters in New York under the auspices of the President of the UN General Assembly.

The Secretary of Foreign Affairs headed the Philippine delegation, which was composed of government officials from the Department of Foreign Affairs (DFA) and other agencies with migration-related functions such as the National Economic and Development Authority (NEDA), Department of Labor and Employment (DOLE), and Presidential Communications Operations Office (PCOO).

During the IMRF General Debate, Secretary Teodoro L. Locsin, Jr. delivered remarks on the progress of the PH implementation of the GCM goals:

- Landmark reforms to adopt the GCM such as the Philippine Development Plan (PDP) Chapter 21 and the enactment of the Department of Migrant Workers (DMW) legislation;
- Prioritization of migrants' vaccination and vaccination certificates and establishment of "green lanes" for seafarers;
- Campaigns for repatriation, labor mobility, efforts against trafficking and the *kafala* system; and
- Commitment to uphold the rights of migrants' workers across the globe.

There were four (4) Round Table discussions during the IMRF. The Department participated in two of the Round Tables, and then Undersecretary for Migrant Workers Affairs Sarah Lou Y. Arriola also served as speaker for the PH during a side-event, "Accelerating GCM Implementation at the Regional and National Levels," organized by the UN Regional Commissions.

The IMRF produced an outcome document called the GCM Progress Declaration, which reflected the Philippines' priorities. It recognized the value and dignity of all migrant workers in all sectors, emphasizing the importance of promoting fair labor conditions and decent work and upholding international labor standards. It also acknowledged the risks associated with irregular migration and the need for a concerted international response and multilateral cooperation among countries of origin, transit, and destination.

Second Session of the International Dialogue on Migration (IDM): "Overlapping global crises: the impacts of food insecurity and climate change on migration and displacement", 24 to 25 October 2022, Geneva, Switzerland

Acting Undersecretary for Migrant Workers Affairs Eduardo Jose A. de Vega assured the UN of the continued active participation of the Philippines in various areas of cooperation in advancing migrants' rights during the IDM panel moderated by IOM Deputy Director General Amy Pope

This IDM Session focused on the theme: *"Overlapping global crises: the impact of food insecurity and climate change on migration and displacement,"* highlighting the complex interlinkages between climate change, food security, and human mobility. Acting Undersecretary for Migrant Workers Affairs de Vega, who headed the Philippine delegation, served as a speaker in the panel discussion on *"Strengthening the resilience of the most vulnerable to economic diversity: upskilling, financing jobs and the green economy."*

In his address, Undersecretary de Vega highlighted the following:

- The various assistance packages provided by the Philippine government to Filipino migrants in vulnerable situations, such as the mass repatriations of over two (2) million overseas Filipinos affected by the COVID-19 pandemic and the provision of financial and welfare assistance to distressed overseas Filipinos;
- PH's efforts to facilitate labor mobility, particularly during the pandemic, as well as in combatting trafficking and wage theft. These include bilateral discussions and agreements with countries of destination for the protection of Filipino migrants. Mechanisms to regulate the conditions for their recruitment and decent work were mentioned to be in accordance with the GCM and true to the whole-of-government and whole-of-society approaches;

- The role of the Philippines as a GCM Champion Country was underscored, as evidenced by the establishment of the DMW. Most importantly, the phenomenon of climate change was highlighted as a driver of migration and its effects at the international level; and
- The new administration's initiative to make the agricultural sector a top priority due to its adverse impacts that can force people and communities to move. The importance of migration policies being preventive from existing issues and challenges was stressed so that migration can be a matter of choice rather than their survival.

DFA-UMWA Meeting with IOM Director General at Sidelines of IDM, 24 October 2022

In his meeting with IOM Director General DG António Vitorino on the sidelines of the IDM, DFA-UMWA Acting Undersecretary Eduardo Jose A. de Vega discussed the following:

- The significant role played by the IOM as a staunch partner of the Philippine government in the adoption and implementation of the GCM, which is the key reference for migration policies in the Philippines. For this, he called for an enhanced cooperation between the Philippines and IOM for an improved international migration governance;
- The continued support of PH for its joint project with the IOM named Bridging Recruitment to Reintegration in Migration Governance (BRIDGE), which looks at the needs and protection of overseas Filipino workers throughout the migration cycle; and
- DG Vitorino's intention to maintain the IOM's Manila Administrative Center (MAC) as a global support in the areas of finance, human resources management and information technology.

International Recognition of VaxCertPH

The DFA is the **focal agency facilitating engagements with foreign countries and other relevant foreign entities on the recognition and acceptance of the PH-issued digital vaccine certificate (DVC) for COVID-19, or VaxCertPH**, through bilateral, regional, and multilateral agreements. It also serves as a focal point in facilitating the acceptance of foreign countries on the utilization of public keys.

The DFA, with assistance of Foreign Service Posts (FSPs), continuously coordinates with foreign governments for the recognition and interoperability of the COVID-19 vaccine certificates. The DFA submits a copy of the vaccine certificates of the foreign governments to the Department of Health – Bureau of Quarantine for the Bureau's information and reference. The DFA assisted PH efforts in the inclusion of the VaxCertPH in the European Union Digital Covid19 Certificate (EU DCC) system. The DFA is currently facilitating the inclusion of the VaxCertPH in the ICAO Health Master List. As of 31 December 2022, the VaxCertPH is recognized and accepted in 94 countries and territories. The digital vaccine certificate is compliant with both the Digital Infrastructure for Verifiable Open Credentialing (DIVOC) and the EU DCC standards.

Overseas Voting

The 40.24% voter turnout (or 683,035 voters) includes the valid and invalid ballots, and the late ballots that were received by postal mail past the election deadline (9 May 2022, 7 p.m. Philippine time). This meets the target of 40% voter turnout in the Philippine Development Plan (PDP) for 2017–2022 in the area of protecting the rights, promoting the welfare and expanding opportunities for Overseas Filipinos (Chapter 21).

This is the **highest voter turnout in OV history** in terms of number of voters (683,035), and in terms of percentage (40.24%) since 2004 when overseas voting was first implemented. The voter turnout is much higher than the voter turnout for the 2016 Presidential elections (432,706 voters or 31.45%).

Undersecretary for Administration and DFA Quality Management Representative Antonio A. Morales opening the 2022 IQA Cycle on 25 July 2022

For 2022, fifty-six (56) Offices/Units participated in the activity, including the DFA Top Management and three (3) Consular Offices outside Metro Manila: CO Dasmariñas, CO Lucena, and CO Pampanga. In consideration of the number of auditors and auditees to be deployed, the IQA was conducted in a hybrid manner where some offices/units were audited face-to-face, while others, virtually.

The objective of the activity is to determine the level of the DFA's compliance with its internal policies; the ISO 9001:2015 standard – in which the DFA is currently certified; and follow-up on Requests for Action (RFA) that were issued in the previous IQA Cycles.

The IQA of Offices/Units was later followed by the audit of the IQA Process on 07 September 2022.

Information dissemination and wellness initiatives were also migrated to online platforms to allow personnel working from home to participate in HR-related activities and events. These activities include mental health services and webinars, health and fitness webinars, pre-retirement orientation, briefings on insurance coverage, and training sessions for persons with disabilities. An estimated 800 personnel participated in these activities throughout the year.

Personnel who tested positive were required to comply with isolation and treatment protocols.
